awards

The Alberta Land Surveyors' Association offers three awards designed to honour Alberta Land Surveyors who have brought distinction to themselves, to the surveying profession, or to society in general through extraordinary service or achievement. This is your opportunity to participate in recognition of deserving colleagues. Nominations should be forwarded to the Association office as soon as possible to the attention of the Executive Committee.

Professional Recognition Award

for outstanding contribution or service to the profession of surveying.

Persons who have obtained high levels of office, who have obtained national or international recognition, who have developed new systems or methods, or have otherwise contributed to the profession of surveying are all possible candidates.

Nominations may be made by any active or life member and must be endorsed by at least two other active or life members. A review of accomplishments, contributions, service, etc., should accompany a nomination.

Past Recipients: Allred, G.K.; Bright, W.E.; Clark, E.J.; Dabbs, W.R.; Dawson, D.K.F.; Deyholos, J.; Fulton, R.J.; Gillmore, D.B.; Hill, J.W.; Hittel, A.; Holmlund, J.H.; Hunter, W.R.; Loeppky, S.M.; MacCrimmon, M.A.; Mattson, N.R.; Nelson, A.W.; Olsson, G.E.; Rasmuson, J.E.; Scovill, E.T.; Usher, W.D.; Weir, C.H.; Wolley-Dod, W.A.

Outstanding Service Award

for outstanding service or contribution to society.

This service or contribution does not necessarily have to relate to the profession of surveying. It really implies exemplary service or contribution in any manner for the benefit of society.

Nominations may be made by any active or life member and must be endorsed by at least two other active or life members. A review of accomplishments, contributions, service, etc., should accompany a nomination.

Past Recipients: Baker, R.F.; Holt, T.H.; Impey, H.E.; McCutcheon, R.; Olsen, L.O.; Pawson, K.; Rasmuson, J.E.; Rippon, T.E.; Sexauer, M.L.; Walker, G.C.; Youngs, C.W.

Geomatics Award of Excellence

for contributions to the advancement of geomatics.

The award recognizes all members of the Alberta Land Surveyors' Association, including Surveyors Corporations, and Surveyors Partnerships for their part in advancing the field of geomatics in the areas of: use of technology; new methods or procedures; new software; innovations and invention; and anything else unique to the field of geomatics.

Nominations may be made by any member. Submissions should be summary reports of the project or innovation and be no more than two pages in length.

Past Recipients: Challenger Geomatics Ltd., Stantec Geomatics Ltd., Raymac Surveys Ltd.
