

**Alberta
Land Surveyors'
Association**

Students

Yes I am interested in receiving information from the Alberta Land Surveyors' Association office.

Please complete this form to receive information such as:

ALS News, the Association's magazine which is published quarterly in March, June, September and December. It is great to find out about current topics and issues in professional Land Surveying in Alberta.

The Association holds a number of professional development seminars throughout the year on various topics.

Regional meetings are held in September/October, January and April in both Calgary and Edmonton. This is your chance to meet land surveyors and recent graduates in an informal setting and ask about employment, careers and various other questions you may have.
