THANK YOU

WHILE YOU WERE OUT WE CARRIED OUT WORK ON OR AROUND YOUR PROPERTY (___ Sec. ___ Twp. ___ Rge. ___ W. ___ M)

WE CONDUCTED THE FOLLOWING SURVEY:

- **A WELLSITE SURVEY** to determine the boundaries of a wellsite and to establish the location for a proposed gas or oil well.
- **A RIGHT-OF-WAY SURVEY** to determine the boundaries of a pipeline, road or powerline right-of-way.
- **AN ACCESS ROAD SURVEY** to determine the boundaries of the access to a wellsite or an oilfield facility.
- **A ROAD SURVEY**. To determine the boundaries of a municipal or provincial road/highway.
- **A FENCELINE OR PROPERTY LINE SURVEY** to determine correct fence locations.
- **A SUBDIVISION SURVEY** to permit the division of property.
- **A SURVEY TO REPLACE OR RESTORE MISSING SURVEY MONUMENTS**.
- **OTHER TYPE OF SURVEY** ______________________.

THESE ACTIVITIES PRIMARILY INVOLVED SURVEYING OF:

- Your Property
- Neighbouring Property
- Municipal Property

We Are:
Alberta Land Surveyors Are...

Professionals — current standards require a university degree, or equivalent, followed by articling and a series of professional exams. Governed by provincial law with a mandate to protect the public’s interests in matters of real property. Additionally, they must be registered with the Alberta Land Surveyors' Association.

The Alberta Land Surveyors' Association is a self-regulating professional association that licenses and regulates the activities of its members.

The access to property and the responsibility of Surveyors is regulated by the Surveys Act of Alberta.

Section 16 of the Surveys Act is as follows:
16. A Surveyor and his authorized assistants may, using reasonable care, pass over, measure along and ascertain the bearings of any line or boundary, and for those purposes may pass over or through the land of any person, but the surveyor is liable for any damage the surveyor or his assistants cause. (SA 2000 cS-29 s16)
